Address: Ethiopia - Addis Ababa

Professional Summary

User-focused UI/UX Designer with a strong foundation in user-centered design principles and hands-on experience across the full design process — from **wireframing and prototyping** to visual design. Proficient in **Figma**, with a track record of designing intuitive, accessible interfaces for e-learning platforms, ERP systems, and internal tools.

Skills

Design

Wireframing, Prototyping, Auto Layout, Components, Design Systems

Tools

Figma, FigJam

Research

Usability Testing, User-Centered Design, Requirements Translation

Frontend Literacy

HTML, CSS, JavaScript, Responsive Design

Work Experience

UI/UX Designer – Dynamo Center of Technology - Ethiopia Jimma

Website Design · November 2022 - May 2023

- Designed **gaming experiences** at a logic-understanding level for children, including wireframes, prototypes, and illustrated graphics.
- Designed **e-learning modules** teaching core math concepts — addition, subtraction, and size/quantity comparison — for young learners.
- Translated user needs into interactive prototypes, showcasing a full understanding of the design-to-development handoff.

UI/UX & Workflow Designer – Top Beverages Industries & Trading

TBIT ID Campaign · May 2025 - Present

- Designed **system workflows and interfaces** in Figma, translating business requirements into functional application designs.
- Built a custom interactive UI component for image manipulation and designed an asset workflow dashboard with clear status states for non-technical HR staff.

Projects

E-Learning Kids Platform

- Designed an engaging educational interface teaching numbers, animals, and fruits — including size comparison concepts — for young children.

Interactive Portfolio Design

- Designed a dynamic personal portfolio spanning home, about, experience, and certificates — with a user-centric, animated interface.
